

RNA LECTURE SERIES

RNA

VIENNA BIOCENTER CAMPUS

LECTURE
SERIES

3rd lecture day on

Monday, 21st January 2013

IMBA Lecture Hall (3., Dr.-Bohr-Gasse 3)

09:00 – 10:15

- Frédéric Allain (ETH Zürich, Switzerland)
Principle of RNA recognition by small RNA binding domains

10:30 – 11:45

- Denise Barlow (CeMM, Austria)
Imprinted gene silencing by macro lncRNA transcriptional interference

13:45 – 15:00

- Françoise Stutz (Univ. Geneva, Switzerland)
Antisense transcription and gene silencing in yeast

15:15 – 16:30

- Joost Gribnau (Erasmus MC, The Netherlands)
Xist action

16:45 – 18:00

- Edouard Bertrand (IGMM Montpellier, France)
Transport and localization of RNA

University of Vienna & Medical University of Vienna
| 2 ECTS credits |
